- ▶ 15 lengths available from 350mm to 800mm
- ▶ Excellent wiping performance for perfect visibility
- ▶ Asymmetrical spoiler for flawless wiping at high speeds.
- ▶ O.E long lasting rubber and asymmetrical spoiler technology maximise efficiency and lifespan.

Why Choose HydroConnect™ wipers from Valeo?

Valeo is a multi-award winning company, with 12 PACE Awards since 2005 recognising its contribution to the international automotive industry. The Valeo HydroConnect wiper blades are designed for the aftermarket, allowing you to upgrade a conventional wiper blade to the latest flat blade technology. With 30% increased clamping force over conventional construction, Valeo HydroConnect wiper blades are a safe, satisfying substitute for conventional wipers.
